Walk In The Light

⁵ This is the message we have heard from him and proclaim to you, that God is light and in him there is no darkness at all. ⁶ If we say that we have fellowship with him while we are walking in darkness, we lie and do not do what is true; ⁷ but if we walk in the light as he himself is in the light, we have fellowship with one another, and the blood of Jesus his Son cleanses us from all sin. (1 John 1:5-7).

This advent season we remember the coming of Jesus Christ into the world to bear the sins of the world through his redemptive act at Calvary. *"For God so loved the world that He gave His only begotten son that whosoever believes in him should not perish but have ev-*

erlasting life" (John 3:16). Jesus was born into the world to take on the form of man to become a living sacrifice for us. We all required this redemptive act because we "all have sinned and come short of the glory of God" (Romans 3:23). The price for sin is death. (Romans 6:23). When we continue in sin, we walk in darkness. We must make a decision to walk in the light. From the beginning, God spoke over darkness and there was light. Jesus taught that to follow him is to be the light of the world and his followers should let our light shine before men.

We show our light by loving God and our neighbor as ourselves. We show our light by

doing unto the least of these what we would do for Jesus. We show our light by keeping God's commandments.

Jesus was more than just a sacrifice for us. *"For unto us a child is born, unto us a son is given: and the government shall be upon his shoulder: and his name shall be called Wonderful, Counsellor, The mighty God, The everlasting Father, The Prince of Peace."* (Isaiah 9:6). Jesus is the way, the truth, and the life. No man comes unto the Father but by him. Let us walk in the light in this day and all days yet to come. When we walk in the light, Jesus has promised to be with us even unto the end of the world.

Climate Change: How Do We Know?

NASA <https://climate.nasa.gov/evidence/>

Global Temperature Rise

The planet's average surface temperature has risen about 2.05 degrees Fahrenheit (1.14 degrees Celsius) since the late 19th century, a change driven largely by increased carbon dioxide and other human-made emissions into the atmosphere.⁴ Most of the warming occurred in the past 40 years, with the six warmest years on record taking place since 2014. Not only was 2016 the warmest year on record, but eight months out of that year — from January through September, with the exception of June — were the warmest on record for those respective months.⁵

Shrinking Ice Sheets

The Greenland and Antarctic ice sheets have decreased in mass. Data from NASA's Gravity Recovery and Climate Experiment show Greenland lost an average of 279 billion tons of ice per year between 1993 and 2019, while Antarctica lost about 148 billion tons of ice per year.⁷

Warming Ocean

The ocean has absorbed much of this increased heat, with the top 100 meters (about 328 feet) of ocean showing warming of more than 0.6 degrees Fahrenheit (0.33 degrees Celsius) since 1969.⁸ Earth stores 90% of the extra energy in the ocean.

Sea Level Rise

Global sea level rose about 8 inches (20 centimeters) in the last century. The rate in the last two decades, however, is nearly double that of the last century and accelerating slightly every year.¹⁰

Mission of Hope

We are enhancing and creating partnerships to improve the delivery of youth ministry in the Metro Atlanta Area. In this new program, we would like to bring together the best and most hopeful young people across the Metro Atlanta region to provide meaningful opportunities to each of them. Does this mean that we are seeking students with the highest GPA's? Absolutely not! We are seeking students who have a desire to improve their condition and to be all that God has created them to be. In this program, we would like to help assist youth leaders, teachers, mentors, and other in providing programs such as the following:

College Tours • African Heritage Tours • Leadership Development Experiences • Career Development

OBJECTIVE: *Provide hope enriching opportunities for the development of youth as future citizens, leaders, and support the development of meaningful personal goals.*
